

## Human Body Project Homework

Your project homework for our Being Human IPC Unit!

Choose from the questions below:

1. How are humans different from other animals?
2. What is the nervous system?
3. How do your muscles and skeleton work together?
4. What happens when we breathe?
5. How does the human heart work?
6. How does the body use food and water?
7. What is the best food and drink for our bodies?
8. What are the major organs in the body and what do they do?

It is up to you how you present your project. You could make a poster, produce a video, design a booklet, make a 3D model or anything else you would like to do.

Good Luck!

Hand in date: 22<sup>nd</sup> February 2021.
